

## MEDIA RELEASE

EMBARGOED UNTIL 8pm Friday 30 May 2008

### 2008 qdos awards Finalists Announced

**30 May 2008:** Some of Queensland's most talented designers have been named as finalists in the 2008 Queensland Design on Show (qdos) awards at a function at the Gallery of Modern Art.

From<sup>[SB1]</sup> a record number of submissions received 81 finalists have been announced across the four primary disciplines:

- 'Three Dimensional Design' including furniture, lighting and<sup>[SB2]</sup> industrial design
- 'Interior Design' including hospitality, residential and corporate design
- 'Visual Communication' including corporate identity, literature design and digital media
- 'Emerging Student Designer' including Interior Design, Three Dimensional Design and Visual Communication Design

Also announced tonight were the three finalists in the Smart State Designer of the Year Award category-recognising outstanding contribution to the design industry.

The awards, presented by the Design Institute of Australia (Queensland Branch) and Forbo Flooring Systems Australia are aimed at recognising design excellence across the many design fields represented by the DIA in Queensland.

Awards Coordinator Anna Magnus said she was thrilled with the standard of work presented.

"The qdos Awards are about showcasing the best of what Queensland has to offer," Ms Magnus said.

"This year's awards really showcase the multi-disciplinary nature of the design industry in Queensland with submissions as diverse as they are intelligent and innovative."

"The judging panel allocates points to each submission according to a strict set of criteria developed by the DIA which ensures the bar is kept high."

"We received submissions from highly-decorated and long time members of the industry right through to emerging student designers who have excelled in their chosen area and ready to make their mark on the world – it's very exciting."

As part of the qdos awards program, the finalists of this years awards are being showcased in an exhibition at the Gallery of Modern Art, for the public to enjoy and appreciate and to cast their vote in the 'People's choice' award.

The overall winners will be announced at a 1930's Shanghai themed event in Brisbane on June 13.

Winners will be profiled in the exhibition at the Gallery of Modern Art from 14 June to 27 June.
